Forecast for Wednesday 02 Nov 2022

Weather: A cloudy morning with some occasional rain, this turning heavy and persistent for a time around the middle of the day. Brighter and drier weather will spread from the west early in the afternoon, perhaps with a passing shower later. Very windy across ridges and summits.

Chance of cloud-free hill tops above 700m: 60%

Low cloud and visibility: Some patchy cloud around 700 metres in the morning, this becoming more extensive for a time around the middle of the day as it turns wet. Cloud mostly above summits in the afternoon, although some lowering on to the higher tops as showers run through. Visibility will be very good outside of cloud and rain.
